What is Teacher Induction?

The term “Induction” refers to the support and assessment provided to teachers in their first two years of practice with a Preliminary Credential in California. The SSFUSD Teacher Induction program is a two-year program designed to provide individualized support and formative assessment for newly-credentialed, beginning teachers, as a pathway to a California Clear Teaching Credential. The Induction Program is co-administered by the California Department of Education (CDE) and the Commission on Teacher Credentialing (CTC). The Induction Task Force and State Leadership Team provide support and technical assistance to local Induction Program leaders.

SSFUSD offers a teacher induction programs that meet the Standards of Quality and Effectiveness for Professional Teacher Induction Programs, in accordance with Education Code section 44259(c).

History of BTSA and Induction

Originally known as Beginning Teacher Support and Assessment (BTSA), Teacher Induction Programs began in 1992 with a focus on the retention of teachers in California and has since expanded to become the primary pathway to teacher licensure in California. Senate Bill 1422 (Bergeson Act) authorized the BTSA program and created a panel to review teacher credentialing in California.

In 1998, Senate Bill 2042 established a two-year system featuring advanced study and support leading to a clear teaching credential (BTSA Induction). In 2004, the passage of Assembly Bill 2210 established BTSA Induction as the required route for teachers to obtain a clear teaching credential. Finally, in 2007, Senate Bill 1209 was passed which eliminated duplicative requirements for teachers holding a preliminary credential to be eligible for funding through the Induction program.

SSFUSD Program Design and Rational

At South San Francisco Unified School District (SSFUSD), we are committed to supporting teachers as they refine their practice while progressing on their journey towards becoming a distinguished educator. ✓ You must be able to demonstrate exceptional teaching practice during an observation.
✓ You must be able to provide verification of that teaching experience and exceptional practice through positive evaluations.

Dates of Employment as a teacher of record at this location: ____________________________________________

I understand that AB 57 legislation allows for the Early Completion option in order to allow teachers with substantial experience who have demonstrated exceptional performance in their classroom practice to complete the clear credential program at an accelerated pace.

The teacher named above has shared with me their intent to apply for the SSFUSD Early Completion Program.

These are the requirements for the accelerated clear credential program:

1. Complete two inquiry cycles for their Induction Portfolio in one year.
2. Attend the Induction Orientation and all other required seminars throughout the year.
3. Collaborate regularly with a Support Provider to complete the requirements for the Online Induction Portfolio, including the development and completion of an Individual Learning Plan based on reflection and self-assessment, which must include evidence of meeting the standards for Equity for All Students, Teaching English Learners and Teaching Special Populations.
4. Attend relevant professional development in accordance with their professional development plan.
5. Complete the SSFUSD Induction Program mid-year and end of year surveys.

Upon reviewing the requirements for the accelerated clear credential program I believe that this teacher has the capacity, organizational skills and dedication to effectively complete the program without negatively impacting their ability to fulfill their classroom responsibilities. This teacher possesses substantial experience and has demonstrated exceptional performance in their teaching practice and professional responsibilities.

Additional comments:

With my signature below I am recommending that this teacher be accepted into the Early Completion Program.
